

Blue Heartache

Written by Paul Craft

1. **Blue heartache,
Stay away from me tonight, I'm alone but I'm all right,
Long as I can keep her off my mind,
Blue heartache,
If I go and let you in, you'll creep inside my heart again,
And make me wish I'd never toed the line.**

bridge: **I know that I'm lonesome without her,
I need her,
Do anything to have her back with me,
'cause I love her,**

2. **Blue heartache,
You're trying to get close to me, rub your blue all over me,
But I've got plans to have no part of you,
Oh blue,
Blue heartache.**
