Written by Kim Williams, Doug Johnson & Nicole Witt

---

- 1. Diamonds on the windshield as heaven starts to cry,  
In his rearview mirror his angel waves goodbye,  
She knows he's gotta go, she knows he's one of them.**

*chorus:* **Brothers of the highway, children of the wind,  
That Detroit diesel pirate ship goes blowin' out again,  
Sailin' for the settin' sun, freedom's their best friend,  
Brothers of the highway, children of the wind**

- 2. He puts the pedal to the metal, tryin' to out run the rain,  
Another shot of truck stop coffee, goes runnin' through his veins,  
This country turns on 18 wheels, thank G-d we can depend, on**

*chorus:*

*bridge:* **Carolina, West of Denver,  
Baton Rouge, East of Pittsburgh,  
North and South of San Diego,  
Sail on, sail on,**

**Tallahassee, North of Boston,  
Up to Bangor, West of Austin,  
Coast to coast, sea to sea,  
Sail on, sail on, sail on'**

*chorus:*

*coda:* **G-d bless you,  
Brothers of the highway, children of the wind,  
Sail on, sail on, sail on,  
Sail on, sail on.**
