

Don't Say Goodbye If You Love Me

Written by Jimmie Davis & Bonnie Dodd

**1. They tell me today you are going,
Far away just to make you a name,
They tell me that you're discontented,
And that you are search-ing for fame.**

chorus: **Don't say goodbye if you love me,
It would make my heart overflow,
Kiss my lips once ere you leave me,
Just don't say goodbye when you go.**

**2. Somehow I can't realize we're parting,
I have grown used to having you near,
The strings in my heart love are breakin',
I just can't say good-bye to you dear.**

chorus:

**3. Each night as I kneel by my bedside,
I will pray one sweet prayer for just for you,
I will ask of the kind one in heaven,
Just to make all your dreams dear come true.**

chorus:
