

Foggy River

Written by Fred Rose

**1. Your love is colder than a foggy river,
Rollin' o'er a heart of stone,
You left me stranded on this foggy river,
Driftin' helpless and alone.**

chorus 1: **Can't escape this broken heart of mine,
There's no freedom anymore,
Oh heaven help me on this foggy river,
'til I find that distant shore.**

**2. There's no tomorrow on this foggy river,
Only memories linger on,
The mist of sorrow chills this foggy river,
Everything I love is gone.**

chorus 2: **Always knew someday you'd turn me down,
I've got troubles on my mind,
Yes I'm doomed to sail this foggy river,
'til I leave your love behind.**
