

# Good Things Outweigh The Bad

*Written by Josh Graves & Jake Lambert*

---

1. I've been sitting here thinking back over my life,  
All of the good things the trouble and strife,  
Well my share of heartaches, yet so many I've had,  
But I still think the good things outweigh the bad.

*chorus:* Well I've rocked my babies at night when they cried,  
I've seen the teardrops turn into smiles,  
And that's when I realize all the bad luck I've had,  
But I know all the good things outweigh the bad.

2. Well I never have riches, no money to spare,  
Just a sharecropper's wages is my only fare,  
Yes making my living just working the land,  
But I still think the good things outweigh the bad.

*chorus:*

3. Yes I've worked the cotton in the heat of the day,  
And then paid the landlord nearly all that I made,  
Well I've seen high water take all that I had,  
But I still think the good things outweigh the bad.

*chorus:*
